ANOTHER BANK FOR STANFORD.

State Bank And Trust Company Organized Here With Prominent Men Behind It.

Stanford is to have another bank, to be known as the State Bank & Trust Company, which will make the third in the city and ninth in Lincoln county.

A meeting of the promoters was held Wednesday night, when plans were practically completed for the organization of the new financial institution. W. L. McCarty will be president, it is understood, J. S. Rice vice-president and J. W. Hutchison, cashier. A directorate composed of some of the best known farmers and business men of the community will be chosen, and the promoters feel that the new institution starts off with every augury of success. The capital stock will be \$50,000.

The new officers chosen are too well known to need discussion. Mr. McCarty is sheriff of Lincoln county. Mr. Rice is agent here for the L. & N. and Mr. Hutchison is now cashier of the bank at Brodhead, Rockcastle county. All three are splendid business men and with a strong directorate behind them, will make splendid backing for the new bank.

The bank will be a state institution, and be authorized to act in fiduciary capacities, handle estates and will also probably operate a savings department, paying interest on deposits. A location for the banking house has not yet been selected, but it is said that negotiations are pending for the lease of the vacant store-room in the Odd Fellows building.

Danville.

H. M. Herndon sold to J. M. Elder, of Shelby, 160 acres of his farm in the Springfield section at \$95.

J. Beecher Adams, the druggist, who has been quite ill, has about recovered and is again at his post of duty.

Bryan B. Carpenter, of Decatur, Ala., who has been at Indianapolis, Ind., on business, stopped over in Danville last night to visit his sister, Mrs. Robert L. Salter, before returning home. Russell P. Brown, son of Dr. E. J. Brown, of Stanford, has been in the city a few days in reference to running the new Flanders runabout his father recently bought from the Danville Ice & Coal Co.—Advocate.

W. V. Richardson gave a charming dinner party at the Gilcher Hotel Sunday complimentary to Miss Julia McGoodwin and Louis Seelbach, Queen and King, respectively, of the Carnival. Covers were laid for twelve and Mr. Richardson's guests included Miss McGoodwin, and A. D. Wingate, Miss Edith Ellwang and Louis Seelbach, Miss Isabella South and William Seelbach, Miss Kathleen Foley and Thornton Mason, Guy Hundey and wife, M. Heale Banks and Mr. Richardson. The table decorations were evergreens and carnations.

Mrs. James H. Dunn, Robert Salter, John S. Wells and John S. Baughman went to Stanford to attend the reception given to Mrs. Thomas H. Shanks by Mrs. James H. Baughman.

Hubble.

The comet scare is about over. J. T. Roberts is building a tobacco barn for L. P. Weaver. T. C. Rankin is assisting D. F. Rankin in putting the roof on his tobacco barn.

We are not surprised at J. T. Hackley being opposed to the bridge across Hanging Fork, but we think those people back there ought to have a bridge, as they are in the Hubble school district and belong to the church here, and when the creek is up (which is frequently the case) they can get to neither school nor church. We do not think the fiscal court need ask Mr. Hackley or any one else about such a necessity as this.

After the first Sunday in June there will be preaching at the Christian church the first and third Sunday in each month.

Squire McKechnie is putting up a fence around his front yard.

Itching Eczema Washed Away.

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. Laboratories of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call, write or phone Shugars & Tanner. We absolutely know that the itch is stopped at once by D. D. D. Prescription, and the cure all seem to be permanent. Shugars & Tanner.

Breathe Hyomei and kill the catarrh germs; heal the inflamed membrane, stop the discharge of mucus and forever rid yourself of catarrh. Guaranteed by G. L. Penny. Complete outfit 41 00.

Mrs. G. W. Camden

Dies Suddenly of Heart Disease at her Home in West End.

Mrs. G. W. Camden, aged 58, died very suddenly at her home in the Millledgeville section Wednesday evening. She was in her usual good health and ate a hearty supper. A few seconds afterward she became ill and died 10 minutes later. Heart disease is supposed to have caused her demise.

She is survived by her husband and several children. Mrs. Camden moved with her family from Rowland to the West End a few weeks ago.

Decoration Day

Next Monday To Be Observed Here By Postoffice and Banks.

Monday is Decoration Day, a national holiday. It will be observed in Stanford by the postoffice and rural route carriers. Sunday hours will be observed at the office and the rural carriers will not go out. The banks will, as usual, be closed, but otherwise business will go on much the same in the city. There are so few Union veterans here that no special decoration exercises will be carried out save by the colored veterans, who have been wont to parade through town that day.

Buried Here.

Mrs. Susan Ragan, Formerly Of East End, Dies In Jessamine.

Mrs. Susan Ragan, who many years ago resided in the East End of this county, died at her home in Nicholasville and was buried in Buffalo cemetery here Wednesday morning after funeral services by Rev. E. H. Pearce, of Lancaster. Her husband died many years ago, but three sons, all preachers, survive the good woman. Deceased was 82 years old and had been ill a long time with cancer.

Middleburg.

Green river got on a high last week and our mails were delayed somewhat for two days. Things are straightened out again and will likely run all right for a few days at least.

Ben Patterson, who was given a \$10 fine and five days in jail in the magistrate's court here and was given 10 days to pay or replevy, took leg bail a few days since and went sight seeing in Cincinnati.

At a call term of the fiscal court on Friday, May 20, contracts for building a bridge across the river at the Elliott ford between here and Yosemite, and one across South Fork at Phil, were awarded the Champion Bridge Company, of Wilmington, Ohio. There were a number of bids on these contracts, but the Champion Co. being the lowest was accepted.

George Huff slashed Luther Gilpin with a razor as they were on their way to church Sunday night, making an ugly gash in his side. Young Gilpin was brought here Monday morning and his wounds were dressed by Dr. Creech. A warrant of arrest has been issued for Huff, and the case will likely be reported soon, and then the facts will be reported.

Reas Luster and Mrs. Laura Lee will take in the Sunday school union at Eubanks Sunday. Mesdames Jason Coffey and Joe Elliott spent Sunday with W. H. McClure at Humphrey. Henry Toombs and Clarence Sims, two popular young men of the New Salem section, are making frequent visits to this place. A couple of young ladies on the Liberty pike are said to be the attraction. Jack Wells and Hart Coffey went to Liberty Monday.

E. L. Gadberry is the only one of our old citizens who appears to have come in contact with Halley's comet. He is wearing his head done up in absorbent cotton and his physiognomy is not very pleasant to look upon. Elzie is a first-rate fellow, though, and will be all right soon. He came in contact with the business end of a Stanford base ball player.

Cain-Warren.

On Wednesday evening last Mrs. G. W. Cain was united in marriage to W. H. Warren, of Lincoln county. The bride is the widow of G. W. Cain, and one of Somerset's most popular nurses, at which she made a success, and the people of this city and vicinity will miss her loving and tender care, which she administered so freely. We congratulate Mr. Warren in winning such a prize. He is one of Lincoln's most prosperous farmers and merchants. The Rev. Kenney officiated. They left for the South, where they expect to spend ten days and then return to Lincoln county, where they will make their future home.—Somerset Times.

Talked Out in Meetin'.

They had some extra high-class singing at a Danville church the other night. An old brother, who don't go much on solos, duets and chants, arose in the congregation and asked the minister if they had turned the church into a vaudeville theatre. It is needless to say that the singers and many members were "mystered" and they will keep an eye on the old brother in the future.—Harrodsburg Republican.

\$320,000 More Taxes

Placed Upon People of State By Board of Equalization.

The total increase in the assessed value of property in Kentucky as equalized by the State Board of Equalization is \$64,000,000, which will yield \$320,000 additional revenue to the State as compared with the assessments made by the county assessors.

Auditor James is sending out to the sheriffs of the 119 counties of the State notices showing the amount that is charged against each sheriff under the equalization assessment and the sheriffs will begin collecting taxes as soon as they get these notices. No taxes can be collected until these notices are received.

No raise was made in Lincoln county, the assessment of the local board of supervisors being accepted. Many neighboring counties received stiff raises.

Malt Mead

Put On List of Intoxicants By Lexington Police Judge.

Malt Mead can not be sold in Lexington on Sunday. This is the ruling of Judge Butler T. Southgate made in police court. Malt Mead is claimed to be a non-intoxicant and it is sold all thro' the South in prohibition counties and States. Judge Southgate in his ruling stated that he would consider the liquor an intoxicant and would rule that any sale of it on Sunday would be a violation of the Sabbath closing law. Malt Mead resembles the real beer very much. The only difference in its appearance, bottle and all, is the label. It is claimed that some saloon men have been using Malt Mead labels on bottles of real beer, although this has not been proved.—Lexington Leader.

Shall Women Vote?

Mad Dogs

Causing Quite a Scare—Elder Livingston Kills One.

Mad dogs are causing quite a scare in the Crab Orchard section of the county. Several have been killed and a large number of other canines have been bitten, it is reported, so that there is no telling just how far the dread malsady may have spread.

Elder J. G. Livingston writes that he killed a dog suffering with the rabies on his front porch, just after he had bitten a number of dogs in the neighborhood.

For Mrs. Shanks

Many Delightful Affairs Are Being Given This Week.

The second in the series of delightful receptions which are being given for the bride of the hour, Mrs. Thomas H. Shanks, was given by Mrs. James H. Baughman at her elegant country home Tuesday afternoon. The handsome house was made even more inviting with appropriate decorations. It was illuminated with many crimson candle-labra in old fashioned candle sticks, and made very cozy and comfortable in contrast to the severe rainstorm which came up during the afternoon.

Nations were played and a two-course luncheon was served afterward. At luncheon time a bride's table was prepared, an old-fashioned mahogany table decorated with crochet mats, and a huge bunch of carnations in the centre, which was afterwards presented to the bride.

Those assisting the charming hostess in receiving, besides the guest of honor, Mrs. Thomas Shanks, were Mrs. Shelton Sauley and Mrs. D. M. Walker.

Crab Orchard.

The closing exercises of the Graded School will be held this evening. A full and interesting program is promised. One of the features of the evening will be a play "Too Much of a Good Thing." The admission will be 15 cts for adults, 10 cents for children not connected with the school.

The Christian Endeavor is growing in interest. Last Sunday evening it was presided over by Miss Buelah McCarty, who deserves much praise for the manner in which she conducted the service.

T. F. Vohn, formerly of Indiana, who has bought property here, has arrived and will soon begin the erection of a large flour mill and other improvements, which will lend much to the business interests of our town.

J. L. Spitzer, who has recently built a modern and well equipped sanitarium near town, says that all his rooms have been engaged and he fears he can not accommodate all the applicants.

Mrs. George Stephenson and son, John, have gone to Texas for a protracted visit to her father and other relatives. We miss her.

Miss Georgia Lewis, who has been teaching in the Williamsburg school, is spending a month at the Crab Orchard Springs Hotel. Her old friends here are pleased to see her and hope she may regain her lost health. Mrs. Robert Thompson and daughter, Mrs. Alvin Holmes, have returned from a visit to Mrs. Thompson's mother at Mt. Vernon. Mrs. Maurice Perkins and Miss Clara Collier have gone to Danville shopping. W. A. Brooks is with the homefolks for a short visit. J. C. McWhorter was in Somerset on business. Judge Joe Magee and wife are happy over the arrival of a fine son. J. G. Riddle and wife also announce the arrival of a son in their household.

We extend our sympathies to our bereaved friends, Mr. and Mrs. J. H. McAlister, also Mrs. J. J. McRoberts and daughter.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw that every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life is an unrivaled remedy for coughs, colds, la grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c; \$1. Trial bottles free. Guaranteed by G. L. Penny.

Wants A Rat Killing Day.

Green R. Keller, editor of the Carlisle Mercury, who for three years has annually called on the people of Nicholas county to make it their business one day each year to kill rats, has started a movement to make "rat-killing day" state-wide in its observance next year.

Feared A Chivari

Rockcastle Couple Wed Here But Beg For Secrecy.

Lincoln Stringer, a popular blacksmith of Brodhead, and Miss Janie Johnson, also of Rockcastle, came here last Saturday and secured license from County Clerk Cooper and were immediately made man and wife by Judge Bailey in his most approved style. Mr. Stringer was very anxious to keep the news of their wedding out of the papers until he and his bride could return to Brodhead, secure their trunks and leave for a trip to Louisville, fearing a chivari by the boys who had been watching for his elopement.

Sunday Services.

Rev. Joseph Ballou will preach at the church at Mt. Moriah on next Sunday morning at 11 o'clock.

DR. BLANTON, of Danville, will preach at Mt. Xenia school house at 3:30 Sunday afternoon.

There will be no services at the Baptist church Sunday. Pastor Hoskins will attend the Fifth Sunday Circle meeting at Eubanks.

Hustonville.

Mrs. Nannie Riffe and Miss Angie Carpenter are visiting in Lexington. Rev. W. S. Willis is a delegate to the National Sunday-School Convention at Washington City.

Montgomery & Earles want a blacksmith for the new shop they are building at Wheat Valley.

Dr. O. S. Williams is attending the State dental convention at Louisville. All the new and improved methods in every branch of the profession will be thoroughly demonstrated and a practitioner who does not attend is a back-number.

Myers & Vaughn shipped a car-load of hogs to Cincinnati for which they paid an average of 9c. They are now receiving wool and buying lambs.

Miss Mollie Douglas, of Lexington, a highly accomplished pianist, who was educated here, where she has a host of friends, will spend a ten days' vacation here next month, where she will be given a most cordial welcome.

Unless the road on the W. P. Estes hill is put in good condition for travel within seven days from date, rural mail service will be discontinued on that end of the route.

Tobacco setting and corn planting has got the West End farmers going early and late. The tobacco acreage will be greatly increased.

Walter Carson had a buggy and horse swept under the water gate Saturday while the creek was at its fullest. The vehicle was torn loose from the horse, which swam ashore, and the wrecked buggy was gathered up in pieces the next day.

The shadow of the earth on the moon Monday night was observed by many citizens, who, expecting to get a better view of the comet during the eclipse, were disappointed, as the clouds completely obscured it.

Many of our farmers will greatly increase their stock of hogs. The last Legislature made an appropriation of \$2,000 to get started in the manufacture of hog cholera serum, used to stop the ravages of this dread disease. The experimental station at Lexington will doubtless be in readiness by June 15th, when the law goes into effect, but it will take some time to get together and to prepare material for inoculating hogs. It will be but a short time until hog raisers can have protection from hog cholera. It has been a long time since the Legislature made an appropriation for a more worthy cause and for one that will repay so many times and fill a long-felt want.

Rev. Donaldson, who preached Sunday morning and night at the Christian church, seems to have completely captivated his audiences, who hope he will soon return.

The Ladies' Aid Society of the Christian church at Hustonville will give a play at Alcorn's opera house next week entitled "A Friday Afternoon at the Village School." All of the "boys" will be over 49 and the girls younger. Les Reid's essay and Will Dinwiddie's song will be features. There will be a splendid musical program in connection. Miss Bates, of Danville, will be violinist and Miss Warner, of Lexington, pianist and soloist. Mr. Williams with his piccolo and the famous Hustonville male quartette will also take part. Watch for the date.

Moreland.

Rev. Wyatt Montgomery has about completed his handsome new residence. B. B. King has commenced the erection of a fine dwelling. Bishop & Coffey have completed a nice new home. Ten large tobacco barns are in course of construction in this vicinity. Children's Day will be observed at the M. E. church the 4th Sunday at 7 p. m. The wool crop has about all been disposed of at 30c per pound. Buyers are offering 5c for hogs.

SUMMER VACATION FOR THE YOUNGSTERS.

Commencement Exercises Keep Children Busy This Week, But It's All Over Now.

Commencement is over and books and studies have been laid aside for the next few months, while young America will enjoy life to the fullest extent. The week has been a gay one in school circles here, but nearly every pupil expresses pleasure that the grind is now over.

The Commencement week ceremonies this week have been unusually attractive and impressive. The work which the children have done has been excellent. They have proved their proficiency in the recitals in the musical departments, and everyone acquitted himself or herself to the very best advantage at the formal graduating exercises Wednesday night, when the four graduates were awarded their diplomas, after the address by Prof. Tigert, of Winchester.

The Junior play of Monday night is deserving of special mention. Probably no better amateur performance of the kind was ever given here. Every character in the cast was well represented. Miss Bertha Jackson, who will teach elocution next term, proved her histrionic ability to the satisfaction of everyone in her role of "Pattie, the maid." Lester O'Bannon has marked talent along these lines and is always good. Joseph Hopper was the typical aristocratic butler, while Wallace Singleton, Misses Elizabeth Higgins, Sallie Burdette and Alice Rankin were splendid in their parts.

Miss Ellen Ballou, music teacher at the school, says that Miss Kate Newland, who gave her recital Tuesday night, is the most proficient pupil she has ever taught. She says that Miss Newland did something that has never been done before, in giving her recitation alone, and those who braved the stormy weather felt amply repaid by Miss Newland's good work. She has remarkable talent, and her renditions were greatly enjoyed. Songs by Miss Fetter and Prof. Ireland added to the pleasure of the evening.

Miss Newland's entire musical training has been received in the piano department of Stanford Graded School, under the tutelage of Miss Ballou. She is entirely a home product and her work is of such character as to make Stanford people feel proud of her accomplishments. Miss Newland's playing is characterized by musical intelligence, brilliancy and artistic pedalling, and as an accompanist she shows much sympathy and breadth of feeling.

At commencement Wednesday night President John J. Tigert made a masterful address to the graduates and vast audience. The dominant note of his address was purpose. He showed conclusively that nothing happens in the line of success by accident. The universal law of gravitation was not the result of an accident as has been alleged by some when 'tis said that the falling of the apple into the face of Newton brought it about. Numbers of illustrations were used which proved that all noteworthy deeds were the results of honest effort and much thought. Dr. Tigert made a fitting climax to his masterful address when he said: "It gives me pleasure to recall a Pericles and a Greece, a Caesar and a Rome, a Napoleon and France, a Cromwell and England, a Bismark and Germany, but my heart swells with pride when I think of America and Roosevelt." After having given many historical examples he urged the graduates in his peroration to have the well defined purpose backed up by an indomitable will. He closed by quoting the Resonance of Kipling.

MISS BERTA JEAN PENNY gave an exquisite violin solo and other features of the program were very good.

Prof. Ireland delivered the diplomas to the four graduates, Misses Hubble and Mueller, Messrs Singleton and Bright.

Waynesburg.

Owing to so much rain, farmers are behind with their corn planting and quite a number have had to replant.

H. H. Singleton was in Lexington Sunday. W. G. Reynolds is very ill. Bannon Routen, who has a position on the Q. & C., is at home nursing a vaccinated arm. J. H. Dalgh visited his daughter, Mrs. George Sturgeon, at Goodtown. Dunward and Elsie Singleton visited friends in the Mason Gap section. Miss Verna Dishon and little sister, of McKinney, are visiting the homefolks. Mrs. H. H. Singleton is visiting friends at Somerset. Misses Elsie and Cora Singleton were with Miss Sallie Farmer, at Stanford, Friday.

It was Mrs. Squires instead of Mrs. Jones, as your types made us say, that has been here in the interest of the L. O. T. M.

The Waynesburg nine won its first great victory Sunday by defeating the champion nine of Duncan 20 to 11 and also defeated the Walltown team by a score of 12 to 3. Mason Caldwell, Blufford and Yantis Singleton, were the star performers on the Waynesburg team, never letting a ball get away. The boys have only been organized a short time.

In the course of an editorial, stating his position on the race for the next democratic nomination for governor of Kentucky, Editor Harry Sommers, of the Elizabethtown News, truly says:

"With us, it is not the question as to whom we would prefer for the democratic nomination, but who is most certain of election after nomination. It is not a question of locality or personality, but availability."

"It should be remembered that Augustus Willson, the present republican governor, was elected by 18,000 majority and that the democrats cannot afford to repeat the mistake which lost them the state three years ago. It is generally understood that Judge O' Rear will be the republican nominee. He has practically been agreed upon by the republicans because of his availability. He is undoubtedly the strongest man the republicans can name, because he can be confidently counted on to poll more votes in the election than any other man in his party. The democrats, to insure success, must pursue exactly the same policy. They must name the strongest man before the people."

"In spite of the fact of the failure of Willson's administration, Kentucky is a doubtful state. In the last five gubernatorial elections the republicans have elected two and the democrats two, once by less than 4,000 majority, and the fifth was a contest settled by the Legislature. In the face of this history, the democratic party cannot afford to make any mistake in its nomination this time. Personally the editor of the News would prefer the party's candidate a man whom we did not speak to, if he was sure of election, over a man of our own blood kin, if his election was extremely doubtful. We must win this time and to win we must nominate the strongest candidate."

"We are on the eve of a critical, and we might say a crucial period, in the history of the democratic party and a mistake at this time may prove fatal to its success. No democrat can afford to be for a friend who cannot win over a foe in his party who can. To be for any candidate, whom you think is likely to be beaten if nominated, is the worst kind of party disloyalty. Those democrats who undertake to foist the personal ambitions of any candidate upon the party and thereby endanger party success are not as much interested in the party as they are in the candidate, but those democrats who will ignore the personality of any candidate to insure the success of the party are more interested in party success than the ambition of any man. WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service For People Who Work In Stanford.

John Wren, E. Main St., Stanford, Ky., says: "I know from experience that Doan's Kidney Pills are all that is claimed for them. Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the back-ache became much worse. There was also a too frequent desire to void the kidneys secretions both day and night. Doan's Kidney Pills relieved me and have never failed to benefit me since then when I have taken them."

PUBLIC SALE

Of Magnificent Farm! The undersigned will on

Wednesday, June 1st, 1910

About 11 o'clock A. M., on the premises, sell publicly to the highest bidder that splendid farm known as the "Tudor Place," located in Fayette county, Kentucky, on the Walnut Hills turnpike road and containing 458.3 acres. Upon said farm is an elegant two-story brick dwelling of ten rooms, with good cellar, bath room and all modern conveniences and all usual and necessary outbuildings, including servants' quarters in excellent repair; three good tenant houses, two practically new tobacco barns, capable of housing 30 acres of tobacco; and excellent stock barn and various other improvements. The place has upon it all necessary fencing, and is supplied with lasting and well distributed water to an extent to satisfy the most exacting. The land is naturally as good as the best to be found in the far-famed Blue Grass Region, a large part of it now in grass and balance in the highest state of cultivation. The past cultivation of the land has been such, and its present condition is now such, that exceeding 200 acres of the land is now ready for growing tobacco, and the remainder susceptible with proper tillage, of like use later, so that a purchaser may confidently rely upon having 75 or 100 acres for tobacco annually for all time to come. The remainder of the land being eminently suitable for cultivation in other crops.

No more attractive farm in itself and in its environment is to be found, and either for home or investment purposes it cannot be surpassed, and this opinion we believe will be shared by any who will investigate. The sale of the property is made necessary to effect a settlement between the owners.

Mr. Hieatt will be found upon the premises until day of sale and will be glad to show the place to intending purchasers.

TERMS OF SALE.—One-third cash, balance in one and two years from March 1st, 1911, notes to bear 6 per cent. interest, payable annually, and to be secured by vendor's lien, purchasers to have customary selling privileges this Fall and full possession March 1st, 1911. Purchaser will also get the benefit and assume the burden of a lease for two years from March 1st, 1911, covering certain tenant houses and barns on the Combs farm, details of which may be learned on application. Discount at 6 per cent. per annum from day of payment to March 1st, 1911, will be allowed on the cash payment. For further information call on or address.

How to Cure Eczema, Pimples And Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for eczema, pimples and dandruff. Yet we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency, as Zemo has given splendid results wherever recommended. Our customers like Zemo, too, because it is a clean, vegetable liquid for external use. Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase we give a booklet on skin diseases explaining in simple words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy. G. L. Penny, Druggist.

Free Dyspepsia Sample

Sufferers from indigestion are waking up to the fact that peppermint lozenges, charcoal and "dyspepsia cures" are only makeshifts in the cure of so troublesome a complaint as chronic indigestion. What is required is something that will not only relieve but which will tone and train the digestive apparatus to again do its work normally, and this these simple remedies cannot do.

There is something more to the cure of indigestion than sweetening the breath, and yet a remedy that only contains digestive ingredients will not cure permanently, as the basis of indigestion is poor bowel circulation, and that requires a scientific laxative. We know of no remedy that comes up to these requirements better than Dr. Caldwell's Syrup Pepsin, which has been sold for a quarter of a century.

Dr. Caldwell's Syrup Pepsin is a laxative tonic, a scientific blending of natural ingredients for the cure of constipation, indigestion, liver trouble, sour stomach, sick headache and other complaints. Its ingredients will so strengthen and tone the stomach and bowel muscles that they will again do their work naturally, and when that has been accomplished your trouble is over. Fannie Stuart, Staunton, Va., was a long-time sufferer, as was O. Tuck, Blackburn, Mo., and they both found their cure with this remedy. They became convinced that pills and tablets, salts, "dyspepsia cures," etc., were at best only temporary relief. They first accepted Dr. Caldwell's offer of a free sample bottle, which he willingly sends to anyone who forwards name and address. Later, having convinced themselves through the free sample, they bought Syrup Pepsin of their druggist at fifty cents and one dollar a bottle.
